

VLADISLAV BESSMERTNYKH

Frontend Developer

ABOUT ME

I'm a Frontend Developer specializing in crafting responsive and visually appealing web applications. I specialize in developing user interfaces using HTML, CSS and JavaScript. I have experience working with popular frameworks and libraries such as React and Vue.js. In addition, I have some experience creating fullstack applications, including working with backend technologies such as Express, NestJS, MongoDB and PostgreSQL.

SKILLS

- ★ Languages: JavaScript, TypeScript
- ★ Frameworks: Next.js
- ★ Libraries: React.js, React Router
- ★ State managers: Redux Toolkit, Zustand
- ★ Styling: Scss, TailwindCSS, Material UI, shadcn/ui
- ★ Animation: Framer Motion
- ★ Backend: Express.js, Nest.js, GraphQL, MongoDB, PostgreSQL, Prisma, TypeORM, Mongoose
